NILS E. HASSELBERG INDIAN SCHOLARSHIP

History Sheet

Inter-Tribal Council of California, Inc., is proud to announce the 2017 and 2018 NILS E. Hasselberg Indian Scholarship in memory of Nils E. Hasselberg. This Scholarship was established to assist American Indian students attending a college or university in the State of California.

It was the conviction of the donor that a proper education should be an influence in developing sensitivity to the needs of society. Therefore, the scholarship prefers a student with a . . . (direct quote from his will) "rounded capacity for life to one whose only view of humanity is gained as he or she passes from one library to another."

Consideration for Scholarship applicants includes personal and academic history that demonstrates initiative, motivation and good citizenship. This must be exemplified by active participation in public interest activities as well as the desire to serve others upon graduation. The candidate's record should show participation in organization/programs that study and contribute to the solution of a broad range of humanistic problems. Consideration will be given to applicants who have demonstrated qualities of leadership, who are inquisitive, and concerned about the world around them. Supportive data will be required to verify the actual involvement in human services by the application and official transcripts.

The Scholarship is destined solely for worthy and needy students of American Indian descent. It will provide financial support to deserving students in higher education. The financial support from the Scholarship will provide the recipient an opportunity outside his or her studies for free inquire in an activity area of his or her interest related to the needs of American Indians.

Interested prospective candidates are invited to apply. For more information, please write to:
